Hi Kevin,

Thanks for the message this morning. I was able to speak with Bill on his way to the property and I asked him to please go ahead and seal the crown while he is doing the rest of the work. All else seems to be in order.

Thanks again for all you have done! I told Jackie that you have gone above and beyond and that she should refer you to all of her clients as they won't be disappointed.

blessings,
Joan

FYI Joan, I'm just waiting for a reply to a message I left. I'll hopefully know something today. I'll let you know as soon as I talk to them. Thanks,

Kevin

Hi Kevin,

Thanks so much for the call last night.

Jackie said it would be fine for you to call the company quoting the chimney repairs. Their number is 920.295.3800. Thanks for checking on if the chimney cap is included in their quote or how much extra it would be to replace.

Will look forward to hearing from you.

blessings,
